

## Serving the Community

The singers promote the Italian culture through a rich blend of Italian opera, regional Italian music, international, contemporary pop and much more.

The choir rehearses and presents their annual Christmas and Spring concerts at the Sons of Italy Hall in Hamilton with the addition of an Italian-style dinner and some late night dancing – a celebratory night that often sees a sell-out show.

Over the past 25 years, The Sons of Italy Choir has not only carried The Sons of Italy name throughout the Hamilton community, but also into other Ontario cities such as Sudbury, Toronto, Niagara Falls, St. Catharines, Brantford, Galt, Guelph, and Kingston.

Each season, the choir is in great demand for performances at business functions, retirement and nursing homes, festivals, church or other charity events throughout the Hamilton-Burlington region.

## A Little History...

For over 25 years, the Sons of Italy Choir has kept alive the traditions of its Italian roots through the singing of traditional, contemporary, and classical music throughout our community.

Formed in 1989, The Sons of Italy Choir is a mixed voice community choir with men and women joining from all areas of Hamilton. It has expanded considerably since the early days, and continues to grow in membership each year.

It began with support from The Sons of Italy Trieste Lodge, Hamilton, in its early years of growth.

The singers are pleased to have Angelo Venditti as current President and Artistic Director and through his leadership and musical talent, continues to be a driving force for its success. Members of the Executive team work together in support of the choir's activities.

**NEW!!**

**The Sons of Italy Choir celebrated its 25th Anniversary in 2014. A new Christmas CD that includes many of your Holiday favourites, will be available to purchase.**

**Please contact us if you wish to order copies for family and friends.**

**Don't miss out!**

## Talented Leadership through the Years

Over the years, the choir has evolved under the leadership of such talented Maestros as Mariano de Benedictis, Sabatino Vacca, Sandor Szabo, Erik Gero, Silvio Camilleri, Riccardo Costanzo, and Gianpietro Posocco. Currently we are thrilled to have Lorien Grayson as Conductor with Piano Accompanist Geoff Grayson.

We extend special thanks to the support provided by the Sons of Italy Trieste Lodge.

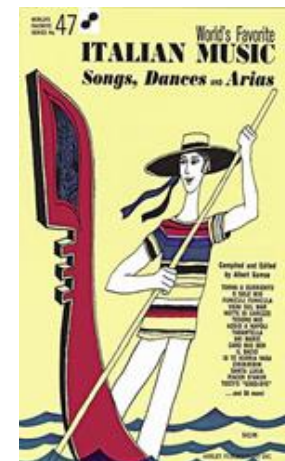

We also wish to thank all our donors and volunteers for their generous support over the years.

### Our Goal

To promote Italian heritage and culture through music and song in the community and beyond.

The Sons of Italy Choir is a non-profit organization. All singers volunteer their time and talents. Contributions are most welcome and help to support the choir's efforts of bringing music to the community. Gifts of products or services are always welcome as door prizes at our concerts.

Thank you for your support.
